CIRCULAR

Sub: - HSE – data collection for a research study – instructions – reg.
Ref:- Letter dated 26/05/14 of the Director, SCERT, Thiruvananthapuram.

As per letter in reference, it is informed that State Council of Educational Research and Training is organising a research study on 'Reasons for Low Performance of Learners at Higher Secondary level'. Data collection from the respondents in this regard is arranged in June 2014 from the selected Higher Secondary Schools. The details of the sample schools selected, details of the data collection and the enumerators are given as appendix. Hence the Principals of the above schools are directed to take necessary steps on the following to facilitate data collection in the respective schools.

1. To contact and liaise with the enumerator before data collection.
2. To arrange at least 10 students who passed Higher Secondary course in 2014 from QIP and non QIP schools for data collection.
3. To provide necessary details to the respondents (Teachers, students, Parents, PTA Executive Committees) about the programme in advance.
4. To depute a teacher to co ordinate the entire data collection process.
5. To do all necessary arrangements for the smooth administration of the whole data collection process.
